15. Similarly for a theory subject with practical component, the student shall obtain minimum of 35 % marks i.e. 07 out of 20 in IA, i.e. 11 out of 30 in practical examination with all of its evaluation components taken together and i.e. 17 out of 50 in ESE considered separately.

16. Model Credit-Grade System

As per the guidelines suggested by UGC, for the central, state and deemed universities in India, it is now mandatory to adopt credit system in place of conventional system comprising of marks and grades for all the undergraduate programs. The central idea of the system is that a student has to earn a prescribed minimum number of credits to fulfill the requirements of graduation. The credit system has to be designed uniformly together with a suitable continuous evaluation and a well-articulated system of grading.

Course Credits (C):-

It is the unit of measurement of course works. Each course shall have an integer number of credits which reflects its weightage. One credit means one period of one hour duration.

The number of credits of a course in a given semester shall ordinarily be calculated as under:-

$$\text{Number of Credits} = L + T + P/2$$

Where L, T and P represent the number of Lecture, Tutorial and Practical hours per week. The fraction is to be rounded off to next integer value. One practical/Lab. without theory of one hour equal to One Credit.

Grade (G):-

It is the measure of performance quality. At the end of the each semester, a student is awarded a letter grade in each of his/her courses taking into account his/her performance based on the various components of evaluation i.e. on the basis of total marks (ESE+ Practical + Internal Assessment) in theory subject having practical component and total marks (ESE + IA) obtained in theory subject without practical. There are eight letter grades as O,A,B,C, D,E,F and X as shown in **Table 2**

Grade Points (GP):-

The letter grades are converted to figures to indicate performance of the students. The following are the guideline steps for the computation of grade points:

- i) All evaluations of different components of a course specified in the course plan i.e. scheme shall be done in marks for each student.
- ii) The marks of various components of Internal Assessment and university conducted examination i.e. ESE shall be added to get total marks secured for the given course. For example, out of a total of 100 marks for theory subjects.
- iii) These letter grades are assigned numerical equivalents called Grade Points, **GP** on a 07-point scale and are correlated with percentage score of the student in the given course as shown in the **Table 2** given below.
- iv) For the given course, the adopted criteria of percentage marks given below shall then be used for the computation of grades and grade points.
- v) “**F**” grade stands for failure in that course examination. The course(s) in which a student has earned F-grade will be termed as back-log i.e. course(s) under ATKT. Such a student will be required to reappear in the given course examination as per the specified provision.

- vi) “X” grade is awarded to a student who is absent in the examination or is not allowed to appear or could not appear in end semester examination (ESE) in a particular subject due to any reason, though he might have undergone other components of Internal Assessment, Practical etc. Such a student will be required to reappear in the given subject in which he/she has secured X –grade.

Table 2: Criteria for Award of Grades

Grade	Percentage score, X	Grade Points
O	75 -100	07
A	60-74	06
B	55-59	05
C	45-54	04
D	40-44	03
E	35-39	02
F	0-34	00
X	Absent in Examination	---

Credit Points (CP):-

Credit points stands for performance of student in a particular subject. They are product of total credits of a subject and grade point secured by the student in the given subject.

Semester Grade Point Average (SGPA) :-

It is indicative of performance of a student in the given semester. The Grade Point Average for a semester is obtained by adding the products of Actual Grade Points and relative weightages for different subjects as shown in the course scheme for respective semester and dividing the total by the total credit hours for that semester as illustrated below.

$$SGPA = [C_i G_i + C_{ii} G_{ii} + \dots + C_n G_n] / (C_i + C_{ii} + \dots + C_n)$$

Where, C – No of Credits of individual subject.

G – Corresponding grade point obtained in the respective subject.

Cumulative Grade Point Average (CGPA) :-

The Cumulative Grade Point Average (CGPA) is indicative of the overall academic performance of a student in all the subjects registered up to and including the latest completed semester. It is the cumulative total of the products of actual grade point and its weightage upto last semester divided by total credits of all the semesters.

$$CGPA = \frac{\sum_{i=1}^n c_i g_i}{\sum_{i=1}^n c_i}$$

17. A student who PASSES in the Internal Assessment (IA) and Practical (P) but FAILS in the End Semester Examination (ESE) of a subject shall reappear for the ESE of the given subject. However, his/her marks of the IA and P shall be carried over and he/she shall be entitled for grade obtained by him/her on passing of the end semester examination of the given subject.
18. A student who FAILS in the IA or P or both but PASSES in the ESE of a subject shall submit and reappear for the IA or P or both in the form of project/s for that subject. However, his/her marks of the ESE shall be entitled for grade obtained by him/her on qualifying in the internal evaluation.
19. The Evaluation for students who fails in Internal Assessment (IA) and Practical (P) shall consist of one project having weightage as specified in the course and examination scheme given by the concerned teacher based on the prescribed curriculum. In the case, the marks for the IA or P or both shall be forwarded by Principal/Head of the Institution to the Affiliating University as per the schedule.
20. If a student is permitted to repeat any semester/course, the new letter grade will replace the old letter grade in the computation of the SGPA and further that every student will have only one grade-sheet for every semester and the last semester grade-sheet to indicate CGPA based on the adapted criteria for the Award of the Degree.
